This is a comprehensive list of schools offering occupational therapy programs.

The number of graduates of accredited programs in occupational therapy for certain schools might have historic changes to reflect changes reported by the Health Personnel Database.

Data for 2001 to 2005 comes from the Health Personnel Database, which reports the graduates from accredited occupational therapy programs in Canada, including the province of Quebec.

Data in this table should be used within the limitations noted in the Methodological Notes section of *Canada's Health Care Providers, 2000 to 2009: A Reference Guide*.
